HESPERIA MARKET OVERVIEW

Hesperia is a city in the Victor Valley area located in the eastern portion of San Bernardino County just minutes from the Cajon Pass, and a minimal commute time to the nearby Ontario, San Bernardino and Riverside areas. The Victor Valley is made up of a collection of desert cities including, Victorville, Apple Valley, and Hesperia, has a combined population of nearly 400,000. The Victor Valley Area and Hesperia have been growing rapidly in recent years and are attracting new residents and all types of development and private investments.

Hesperia's growing population has played an important role in the positive business growth seen since 2010 where Hesperia has experienced a total population growth north of 10%. Single-family residential permits issued by the city last year increased by 35%. Nearly 40 new homes have been constructed in Hesperia over the past 12 months, and a 200-unit residential development in northwest Hesperia IS in the early stages of construction. Hesperia very recently made a significant leap in its residential development process by giving its approval to the Tapestry Project, a master-planned community that is aimed at younger families, preservation, and environmental sustainability. Proposed 15,663 housing units and over 1.4 million square feet of commercial and retail space are planned in the community that will sit on 9,400 acres of what is currently empty land. The project will be constructed in phases over 25 years and could boost the city's population by up to 80,000.

There is also a major industrial project planned for southwest Hesperia - the 3.5 million square foot Hesperia Commerce Center. The 13 parcel industrial park on 232 acres will be built near Interstate 15 just north of the Rancho Interchange. The development consists of 34 industrial warehouse and office buildings, wholesale distribution facilities, commercial storage facilities, and an assortment of retail space.

The city is pairing all of these major projects with the appropriate development infrastructure. Hesperia completed a \$60 million Interchange Bridge at Rancho Road in early 2015 in order to handle the increase in traffic in the area. Hesperia will also see movement in the coming months on the widening of Rancho Road, an \$18 million project that will widen five miles of roadway from I-15 east to the Rancho Road Undercrossing. All of these improvements will provide critical transportation improvements for the City of Hesperia and Apple Valley as it provides another east-west corridor through the city

CITY HISTORY

Hesperia's Past

The City's history stretches far beyond its 1988 incorporation. Hesperia's past is rich with the history of the Mojave Indian Tribe, Spanish settlers and the westward travelers of the Mormon Trail.

The first major turning point in present day Hesperia occurred in 1855 when the Atchison, Topeka and Santa Fe railroad tracks were completed. This resulted in Hesperia's first industry, providing juniper wood to bakers in Los Angeles by way of train. Juniper is a very hard wood that was used as fuel for kilns up until the early 1900s, when oil became the principal fuel for bakers. The change in technology did not slow Hesperia's progress.

The 1900s were a booming time with the increased popularity of automobiles and Route 66. The City served as the last stopping point before travelers made the treacherous trip down the Cajon Pass.

Hesperia Today

Hesperia has become known, not only for affordable housing, but also for the pleasant desert climate, clean air, beautiful scenery and sunsets, and hometown essence that Hesperia has to offer.

A variety of housing opportunities are available including:

- Custom-built villas overlooking Hesperia Lakes
- Modern, amenity-rich subdivisions
- Large-lot residential zoning (enjoy a rural lifestyle with the benefits of City services)

Our wonderful City is just minutes from the Cajon Pass, providing a minimal commute time to the nearby Ontario, San Bernardino, and Riverside areas. Hesperia's growing population has prompted an increase in business growth throughout the City, including the High Desert Gateway Retail Center shops at Topaz and Topaz Marketplace.
